Hi, Cora!

I'm so happy my high school days are over and I'm really looking forward to going to university.

What was this school year like for you? What did you enjoy most about being a high-school student? What are your plans for next year?

Dominic

Hi Dominic,

I'm also happy the school is over. These four years of grammar school were really tough with teachers on strike and online classes it was not easy. Finally, the last school year was great. It started with the school excursion which was unforgettable. Although we had to work hard to prepare for matura exam, I cannot wait to become a university student.

Next year will be great, since I'm going to leave my parents' house, and live on my own in a big town where my university is. I'm going to study law because I want to help people and make a difference in society.

Cora

Hi, Dominic

I'm so glad that you wrote to me. You asked about my school year. Well I can say that this school year is very challenging as it was my final year. I most enjoyed going to school trip to Rovinj which I will never forget. We had such great time spent siteseeing and having fun. I also enjoyed my english classes because we have a great teacher. I hope that I will start university next year and I would like to study english and italian language and literature. Hope to see you soon.

Hi Dominic,

thank you for your questions. It's nice to hear from you. This school year I liked much anything. I was working non-stop because it was last year. As high school student I was very good and I enjoyed hanging out with my friends and playing basketball. I learned very much this school year. I don't plan to go to university. Next year I will start working with my mother. She is owner of flower shop. I think I will love to work there.

Love,

Cora

Hi,

You are OK? You know me. For me, I don't like school. Some students go to high-school because of parents. I enjoy break and fun and after school I enjoy cafe. High-school have many homework and sometimes is boring. But I like time with my friends. For me school year is problematic and bad, not easy. My plans are good. I plan to start work in car shop of my friend. We are good friends. This shop is a good money, I like it.
