Hi,

I've heard you have some experience in volunteering at the local animal shelter.

When did you start volunteering and why?

Can you please describe some of the activities you did at the shelter?

What advice would you give me and why?

Love,

Anya

1. primjer

Hi Anya,

So glad to hear from you. I started volunteering three years ago in the summer because many animals are abandoned when people go on vacation and I wanted to help. They are left in the streets by their owners and are brought to the shelter. My duties there were feeding the dogs, taking them for a walk and playing with them. If you love animals, you'll be fine. Just be calm and relaxed because the animals can feel your mood. Volunteering is great fun and gives you a lot of satisfaction.

I can't wait to see you.

Love,
Emma

Hi,

I hope you are ok. I started volunteering last summer because I was bored. It was interesting and fun. You shouldn't worry about anything, you just need to love animals. But it is hard work, so you must prepare for it and don't get shocked with the dogs poor condition. Sometimes I feel really exhausted, especially cleaning the boxes every morning. Mark helps there sometimes. He writes the blog and this has results in donations for the shelter. I will send some pics later.

stay in touch,
Denise

Hi,

I like to answer your letter. Very much. My experience with animal shelter was good. But also sometimes I didn't go because of school and tests, you know. I often played with dogs, that was interesting part, and also went to park and cleaned. There was time for work. It was hard at the beginning. Other volunteers show me everything and they can give me instructions about work. Don't get emotional when you see the poor animals because then you can't helping them.

Bye
Susan
